

## Umbrella for fairs and markets with resin-coated fabric h757\_51

Professional umbrella for fairs and markets h757\_51 with resin-coated acrylic fabric (300 x 260 cm). A compact and water-repellent "Base" model, designed to offer practicality and protection from atmospheric agents at affordable costs.

The **h757\_51 umbrella** is the ideal working tool for street vendors and fair operators who need a compact, effective, and easy-to-manage covering. This model stands out for its 300 x 260 cm **resin-coated acrylic fabric canopy**, a technical material that guarantees superior water and stain resistance compared to cotton versions. The structure, designed for those looking for an excellent quality-price ratio, features a 55 mm diameter pole and 35x20 mm rectangular ribs. The opening is smooth thanks to the single-pulley system. *Note: The color of the canopy varies based on stock availability (examples in photos); it is necessary to check the actual color at the time of ordering.*
