

Umbrella stand for public spaces h486_08

Professional 28-seat steel umbrella stand (100x30x90 cm) with key locks, ideal for hospitality and universal accessibility. The **professional 28-seat umbrella stand** is a solution designed for the orderly and secure management of guests' accessories in high-traffic contexts such as hotels, B&Bs, and hospitality facilities. Made entirely of **steel**, this technical furnishing accessory guarantees high resistance to oxidation and mechanical wear. The structure integrates an advanced security system with **numbered keys** and odor-resistant grips, facilitating the recognition of one's station through dedicated keychain bracelets. The design is studied to be **fully accessible**, ensuring autonomy of use even for elderly users, the visually impaired, or those with motor disabilities.
