

Plastic umbrella stand h2061

Affordable and sturdy plastic umbrella stand. If necessary, it can be used as a waste paper bin.

This umbrella stand, with simple and essential lines, is the right product for offices and small shops. It is made of **polypropylene**, one of the most common and widely used plastic materials. Polypropylene has several advantages:

- it is non-toxic
- it is odorless
- it is very lightweight
- easily washable
- it is heat resistant
- it is moisture resistant and does not absorb water
- it is stain resistant
- it is solvent resistant
- it is acid resistant
- it is wear resistant

If necessary, the umbrella stand can be used as a wastebasket.

Technical features:

- diameter 25 cm
- height 52 cm
- material: polypropylene
