

Universal tray trolley 2 panels h2200160

Professional **universal and paneled** tray trolley, made of **stainless steel**. Capacity **20 trays** of different shapes (max 53x39 cm), equipped with **AISI 304 stainless steel** side panels and chrome-plated wire guides. Ideal for discrete and hygienic service in large catering facilities.

The **paneled universal tray trolley** is the top-of-the-range solution for managing clearing and distribution flows in professional environments. Thanks to its double-column configuration and the presence of a **pair of AISI 304 stainless steel side panels**, this trolley guarantees not only superior robustness, but also a refined aesthetic that hides dirty dishes from the guests' sight, maintaining order in the dining area.

Versatility is its strong point: the **chrome-plated steel wire guides** are designed to accommodate 20 trays of heterogeneous shapes and sizes (up to a maximum of 53x39 cm). The stainless steel square tube structure with bolted crossbars eliminates any oscillation, while the 12.5 cm swivel wheels with corner bumpers ensure smooth and safe maneuverability even at full load. It is the perfect tool for those looking for **hygiene, resistance and discretion** in a single product.

Technical characteristics

- **Frame material:** Stainless Steel (square tube section 2x2 cm)
