

Steel urban street furniture bench h10903

Outdoor steel bench for public spaces. With backrest. Fixing: to be bolted down. Available in various colors.

Outdoor urban street furniture bench **with an innovative and sophisticated design** ideal for furnishing squares, courtyards, streets, and municipal parks. **Metal bench** consisting of two sturdy side supports laser-cut and press-bent at the bottom to form semi-circular bases prepared for fixing the bench to the ground with expansion bolts.

The seat and the backrest are made of tubular steel sections welded to side and central supports.

Backrest made of 14 Ø8mm steel profiles and 2 Ø30 tubular sections, welded to two side supports and 2 shaped 5mm thick central supports. The seat and the backrest are fixed to the side supports using screws.

The metal parts are galvanized and painted with thermosetting polyester powders. Stainless steel hardware.
