

Urban bench with backrest h678_17

Urban street furniture bench with backrest and essential design. Dimensions: L.200 x D.60 x H.81 cm.

The bench for public spaces has been designed to soberly furnish urban spaces such as squares, public parks, and courtyards of schools and public buildings. The essential and elegant design allows the product to be adapted to any type of environment and style. **The bench consists of a hot-dip galvanized metal structure and aluminum slats painted with polyester powders in various colors.** It is indeed possible to receive the bench by choosing from three different color combinations, for both the structure and the slats.

Thanks to a **special protective treatment**, the product is extremely resistant to atmospheric agents and wear over time.

The bench is designed for ground fixing with bolts.

Technical features:

- Materials: metal and aluminum
- With backrest
- Available in various colors
- Prepared for ground anchoring
- Dimensions: L.200 x D.60 x H.81 cm
- Weight: 49 kg
