

Urban furniture bench with pine wood slats h10905

Made in Italy urban furniture bench made of steel and pine wood slats. Frame color available in various colors.

Very sturdy urban furniture bench, **particularly suitable for high-traffic areas, pedestrian streets, and large parks.**

Metal-wood bench consisting of two side shoulders formed by a laser-shaped steel flange, welded via two sections of tubular steel onto a tubular arch at the lower end of which an elliptical base is welded, designed to be able to **fix** the bench to the ground with **expansion bolts**.

Seat formed by two steel tubulars and 4 Nordic pine wood slats pressure-treated in an autoclave in compliance with DIN 68800-3 standards to preserve the wood against attack by fungi, mold, and atmospheric agents, fixed on three flat supports, one central and two lateral welded to the shaped side supports. The **backrest** has the same characteristics as the seat with 3 wood slats. The seat and backrest are fixed to the shoulders using screws. The metal parts are galvanized and powder-coated with thermosetting polyester.

Technical characteristics:

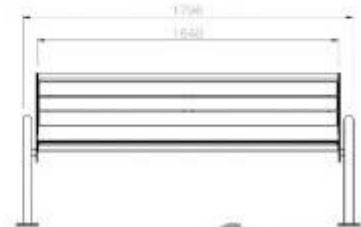

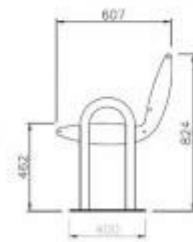

- Bench with backrest
- Prepared for ground fixing via expansion bolts
- Seat consisting of 4 wood slats pressure-treated in an autoclave according to DIN 68800-3 standards to preserve the wood against attack by fungi, mold, and atmospheric agents
- Backrest composed of 3 wood slats
- Seat and backrest fixed by screws
- Stainless steel screws
- Height: 82.4 cm
- Width: 179.6 cm
- Depth: 60.7 cm
- Material: metal and pine wood
- Frame available in multiple finishes

INFORMATION

- **warranty** 2 anni
- **Height** 83 cm
- **Depth** 57 cm
- **Depth in millimetres** 607.000000
- **Width in millimetres** 1796.000000
- **Height in millimetres** 824.000000
- **Material** legno
- **Width** 180 cm
