

Urban furniture bench h109_303

Bench with backrest, pine wood seat. Color: anthracite structure. Dimensions: W.187 x d.72 x h. 79 cm.

The bench with backrest is ideal for paths and parks immersed in nature. The product consists of two side supports in steel sheet cut and shaped with laser technology. The backrest and side supports are made with a single steel tube fixed to the sides by screws. The seat is composed of **Nordic pine** slats pressure-treated in accordance with DIN 68800-3 standards to preserve the wood against attacks from fungi, mold, and atmospheric agents, fixed on three flat supports, one central and two lateral ones welded to the sides. The bench can be **fixed to the ground** using expansion bolts. All metal parts are galvanized and painted with thermosetting polyester powders. Screws and bolts are in stainless steel.

Technical Features:

- Dimensions: W. 187 x D. 72 x h. 79 cm
- Material: pine wood and steel
- Fixing: to be bolted
- Type: with backrest
- Structure Color: anthracite
