

Urban furniture bench h350_323

Bench for public spaces with backrest. Dimensions: 190 x 50 x 78h cm. Seat height: 45 cm. Anchoring: flush to the ground.

The Nordic pine wood bench is ideal for furnishing public gardens, paths, but also urban areas. The bench consists of two Ø50 mm tubular steel supports and cold-galvanized and painted "U" profiles. The backrest and seat are composed of six Nordic pine wood slats pressure-treated in an autoclave using non-toxic salts. The bench is manufactured using **techniques aimed at respecting human health and the environment**, thanks to the use of **non-toxic substances**. It features galvanized steel hardware and is designed for ground anchoring.

Technical Features:

- Material: steel and Nordic pine wood
- Dimensions: 190 x 50 x 78h cm
- Seat height: 45 cm
- Anchoring: flush to the ground
