

Urban furniture bench with wooden slats h350_104

Bench for public spaces with cast iron structure and seat and backrest in Nordic pine wood. Dimensions: L170 x D62 x H78 cm

Urban furniture bench ideal for enhancing public spaces such as squares, avenues, gardens, parks. The **structure is made of cast iron** in matte dark grey color, processed and **painted with anti-rust treatment and oven-baked enamel at 180°**. The **seat and backrest are instead made with 10 Nordic pine wood slats** autoclave-impregnated using non-toxic salts inserted and locked into the structure by 3 steel tie rods. In addition, these **wooden parts are subjected to a water-dilutable painting treatment** with low lead content which makes the bench suitable for outdoor use thanks to special **protective filters against U.V. rays**. Anchoring is done via **floor bolting (assembly kit included)**.

Technical features:

- Dimensions: L170 x D62 x H78 cm; Seat height: 40 cm
- Material: cast iron and Nordic pine wood
- Anchoring: to the ground
- Assembly kit included
- Weight: 56 kg
