

Urban furniture bollard h140_509

Removable galvanized steel bollard for urban furniture (100 cm). Decorative design with removal socket and gunmetal anti-corrosive finish.

The **H140_509 urban furniture bollard** represents a high-profile technical solution for the management and delimitation of public and private spaces. Designed to combine **structural resistance** and aesthetic refinement, this protection element is made of high-quality **galvanized steel**. The structure is distinguished by a configuration with differentiated diameters, with a lower tube of **Ø 114 x 3 mm** and an upper one of **Ø 89 x 2 mm**, ensuring effective protection against impacts and atmospheric agents.

The peculiarity of the H140_509 model lies in the **removability system via socket**, which allows for dynamic flow management, permitting the rapid removal of the post for the temporary transit of authorized or emergency vehicles. The attention to detail is evident in the **upper decorative frieze** and the turned steel inserts, completed by a decorative flange that perfectly masks the burial hole for a clean and professional aesthetic result.

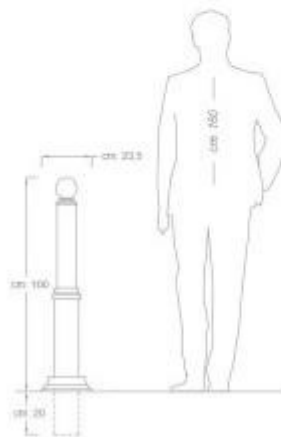

Technical features

- **Material:** Double-section galvanized steel (Ø 114x3 mm lower, Ø 89x2 mm upper)
- **Decorative elements:** Turned steel components with integrated upper frieze
- **Dimensions:** 24 x 24 x 100 cm
- **Weight:** 11 kg
- **Removal system:** Removability socket for access management
- **Standard finish:** Gunmetal gray (customizable with RAL color range on request)
- **Surface finish:** Anti-corrosive treatment for outdoor exposure
- **Installation:** Ground cementing of the base
- **Supply kit:** Includes steel screws and assembly instructions
- **Certifications:** ISO 9001:2015 (Quality), UNI EN ISO 3834-3:2021 (Welding), Authorized transformation center
