

Urban furniture bollard h350_94

Classic powder-coated steel bollard Ø 8 cm, height 87 cm. Ground-mounted fixing for delimiting parks, villas, and public pedestrian areas.

This post bollard represents a classic and elegant solution for space management in **urban furniture** and private areas. Specifically designed to delimit pedestrian flows or protect access to **villas, parks, and historic centers**, the device offers a permanent and visible physical barrier. The **steel** structure undergoes a rigorous **oven** painting process, which guarantees a surface protection resistant to atmospheric agents and wear over time. The installation system involves direct ground embedding, ensuring maximum structural stability.

Technical features

- **Material:** Steel with high-resistance oven-cured painting
- **Fixing:** To be embedded (direct burial in the ground or concrete)
- **Dimensions:** Diameter Ø 8 cm
- **Height:** 87 cm
- **Design:** Classic profile for integration into prestigious contexts
