

Urban furniture bollard with decoration h677_10

Fiber-reinforced concrete bollard and seat (45x45x49 cm) with polished finish. Multi-purpose urban furniture element for delimitation and seating.

The **fiber-reinforced concrete bollard** represents a versatile and robust solution for the management of public and private outdoor spaces. Designed with a dual function, it effectively acts as a physical barrier to **deter illegal parking** and delimit pedestrian areas, while simultaneously transforming into a practical **urban seat** for squares, seafronts, and historic centers.

The structure is made with a high-performance cement mix, enriched with fibers that increase its durability and resistance to atmospheric agents. The aesthetics are enhanced through a **polished surface** and embellished with decorative milling on the sides, which gives a modern and professional appearance suitable for prestigious architectural contexts.

Technical features

- **Material:** high-resistance fiber-reinforced concrete
- **Finish:** polished surface with decorative lateral milling
- **Configuration:** freestanding (free placement)
- **Dimensions:** L.45 x D.45 x H.49 cm
- **Customization:** available in different finish variants

Options and customizations:

- Provision for ground anchoring via threaded rod to be screwed into the base (available on request).
- Goods unloading service (available upon request subject to quotation).
