

Urban furniture bollard with reflective band h31935

Concrete 'panettone' bollard Ø 40 cm with reflective band, weight 90 kg, ideal for urban area delimitation and road safety. This concrete bollard, commonly referred to as "panettone", is a technical solution designed for the management and delimitation of vehicle and pedestrian flows in urban, residential, and commercial contexts. Its primary function is to prevent illegal parking and protect sensitive areas, while ensuring a high standard of passive safety thanks to its structural mass and integrated visibility.

Technical features

- **Material:** High-resistance concrete with a natural finish.
- **Internal structure:** Steel reinforcement with improved grip to increase the product's toughness.
- **Signage:** Equipped with a high-visibility yellow reflective band for identification at night or in low-light conditions.
- **Dimensions:** Base diameter 40 cm, height 40 cm.
- **Weight:** Approximately 90 kg, guarantees stability and resistance to unauthorized movement.
- **Installation:** Free-standing placement, does not require excavation or permanent chemical anchors.
- **Sustainability:** Product compliant with Minimum Environmental Criteria (CAM), manufactured in Italy.
