

Urban furniture ping pong table h949_02

Urban furniture ping pong table in steel-fiber (18mm) with anti-graffiti finish. UNE EN certified for public parks and schools. Fixed dimensions.

The **ping pong table h949_02** is an advanced technical solution designed for the permanent installation of public outdoor spaces and recreational areas. Designed to solve the critical issues related to prolonged exposure to atmospheric agents and intensive unsupervised use, this model combines a **steel-fiber playing surface** with a high-resistance metal structure. The technological surface finish and the robustness of the components make it the ideal target for municipalities, schools, and sports centers requiring durable and safe equipment.

Technical features

- **Playing surface:** Made of steel-fiber with a thickness of 18 mm.
- **Coating:** Blue gel-coat finish, with anti-shock and anti-graffiti properties.
- **Safety:** Rounded table edges and curved net corners to prevent injuries.
- **Structure:** Slightly inclined trapezoidal legs in galvanized steel.
- **Treatment:** Painting with polyester epoxy resin applied at high temperature for maximum corrosion resistance.
- **Net:** Made of solid steel with perforated sheet metal and weather-resistant white lacquering.
- **Certifications:** Approved by the Spanish Table Tennis Federation and compliant with UNE EN 14468-1/2005, UNE EN 14468-2/2005 and UNE EN 15312:2007+A1:2011 regulations.
- **Overall dimensions:** W 275 x D 152.5 x H 76 cm.
- **Required playing area:** W 675 x D 452.5 cm.
- **Total weight:** 129 kg (Surface 70.5 kg; Legs and reinforcements 50.5 kg; Net 8 kg).
- **Installation:** Fixing on a concrete base using expansion bolts included in the supply.
- **Warranty:** 3 years standard, extendable to 5 years for intensive use contexts.
