

Urban furniture planter 90 lt h1003_21

Truncated cone planter for urban furniture in painted steel, elegant and resistant. Dimensions: Ø 50 x H 75 cm.

The **90-liter truncated cone planter for urban furniture**, code **H1003_21**, represents the ideal solution for those seeking a **refined, minimalist, and resistant furnishing element** for outdoor or indoor environments. With an essential design and balanced proportions, this planter is perfect for **enhancing entrances, delimiting pedestrian paths, enriching squares, courtyards, shopping galleries, or residential areas**.

Made of **galvanized steel** and finished with **thermosetting polyester powder coating**, it offers **high resistance to atmospheric agents, corrosion, and wear over time**. The surface treatment ensures long-lasting durability even in difficult climatic conditions, with zero maintenance.

Its **truncated cone shape** stands out for its sobriety and elegance, adapting to both historical contexts and contemporary spaces. Designed for the insertion of an **internal liner (optional)**, it allows for easy management of live plants, making it a practical as well as aesthetic choice.

Completely self-standing, it does not require floor fixing, and is **available in multiple RAL colors** to ensure maximum design freedom. The weight of 23 kg provides the necessary stability for urban use, while maintaining good maneuverability during positioning.

Add value and style to your public or private spaces with the **planter H1003_21**. Contact us now for a personalized quote or to learn about all available finishes.
