

## Urban furniture planter h319\_55

Circular concrete planter Ø109 cm for urban furniture, with reinforced reinforcement and handling hooks. Made in Italy product compliant with CAM.

Circular planter with a minimal and elegant design, designed specifically for the furnishing of public spaces and high-traffic urban areas such as avenues, squares, and gardens. Made entirely in Italy with selected raw materials, the **concrete** structure guarantees exceptional resistance to atmospheric agents and freeze-thaw cycles.

Structural integrity is ensured by an **improved adhesion internal reinforcement**, which gives the product superior mechanical stability. To facilitate logistics and positioning operations, the planter is equipped with **handling hooks** integrated inside the basin.

## Technical features

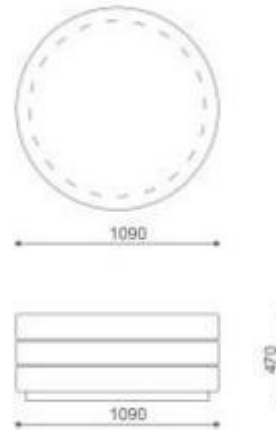

- **Dimensions:** Ø109 x H47 cm
- **Weight:** 420 kg
- **Material:** High-resistance concrete
- **Structure:** Reinforced with improved adhesion steel
- **Handling:** Internal hooks for lifting
- **Sustainability:** Product compliant with Minimum Environmental Criteria (CAM)
- **Origin:** Made in Italy

**Optional:** Available in different surface finishes for perfect aesthetic coordination with the existing architectural context.
