

Urban street furniture bench with planters h31932

Urban street furniture bench equipped with rectangular concrete planters. Available in various finishes. CAM product.

The **bench** represents an essential furnishing accessory to make public spaces livable and comfortable.

Perfect for being placed along avenues, parks, municipal gardens, and squares, as well as in the open-air environments of apartment buildings, shopping centers, and various types of buildings.

Large and comfortable seat, ideal for offering as much space possible in public and urban environments.

The product is made of high-resistance **concrete** with rounded corners to avoid sharp edges, which could prove harmful to the community.

The **two rectangular planters** at the ends beautify and complete the bench.
