

Vertical bike rack with advertising space h14060

Vertical bike rack with advertising display. Galvanized steel structure with 5 spaces. Weight 47 Kg. Dimensions mm 2100x310x220h. Made in Italy

The **bike rack** is a piece of urban furniture very useful for encouraging more ecological travel. In fact, the rack allows for the creation of **secure parking areas** for bicycles.

Moreover, thanks to the **advertising board** placed on the upper part, this bike rack can be transformed into a source of income through the posting of advertising messages.

Designed to accommodate five bikes, the **vertical bike rack** is the ideal furniture element to fill **narrow spaces** where parking could be difficult.

The structure is characterized by **two uprights in round galvanized steel tube**, embellished with spherical decorations at the top. Joining the 5 bike rack positions are 2 galvanized steel tubes.

To facilitate wheel insertion and allow the bike to be secured with appropriate locks, the **bike holder brackets** are specially curved.

The bike rack with its classic line represents the optimal answer for enriching various outdoor environments.

Technical characteristics:
