

Vertical wall-mounted baby changing table h464_309

Vertical wall-mounted polypropylene baby changing table with space-saving folding structure (54.5x14x86 cm), ideal for high-traffic public restrooms.

The **vertical wall-mounted baby changing table** is a professional solution designed for the equipment of restrooms in public contexts such as shopping centers, airports, and hospitality facilities. Made of **high-density polypropylene**, the device meets the need for hygiene and resistance in high-traffic environments. The **folding** design is specifically studied to optimize limited spaces, while ensuring a large and safe support surface during use. The opening mechanism is optimized for operational safety: the system allows for **one-handed** management of the surface, allowing the operator to maintain constant and safe contact with the child.

Technical features

- **Type:** Wall-mounted changing table with vertical installation
- **Body material:** Durable and easy-to-sanitize polypropylene
- **Mechanism:** Retractable folding structure
- **Included accessories:** Aluminum support hooks
- **Closed dimensions:** W 54.50 x D 14 x H 86 cm
- **Safety standards:** Compliant with ASTM or EN 12221-1 regulations
