

## Veterinary operating table 2 lifting columns h930\_37

Electrically adjustable veterinary operating table. 2 lifting columns. Dimensions: W. 167 x D. 72 x h. 63 - 105 cm.

This **veterinary operating table** represents a robust and versatile solution for veterinary clinics and practices, ensuring a high load capacity and easy adaptation to the needs of medical personnel. Equipped with **two lifting columns** with a **maximum capacity of 200 kg**, it allows for precise **electrical adjustment of both the height and the tilt of the tabletop**, offering optimal ergonomics during operations. The **steel structure**, coated with scratch-resistant and shatter-proof powder paint, ensures durability and resistance over time. The **four wheels**, each 16 cm in diameter, are **equipped with brakes** to ensure stability during use, while the **stainless steel top**, with **two drainage holes and trays**, facilitates the management of fluids during procedures. The **rails** placed on all sides of the table allow for the mounting of additional accessories, making the table adaptable to various clinical situations. The table is equipped with a practical **handheld remote control** for easy adjustment. Complete with a **padded mattress, interchangeable non-slip mat and IV pole**, this model offers additional comfort for both the operator and the animal patient.

### Technical features:

- Dimensions: W. 167 x D. 72 x h. 63-105 cm
- Tabletop dimensions: 160x65 cm
- Work surface dimensions: 154x59 cm
- Maximum load capacity: 200 kg
- Weight: 105 kg
- 2 lifting columns with a load capacity of 200 kg
- Steel base, powder-coated, resistant to chipping and scratches
- 4 wheels with locking mechanism
- Stainless steel top with 2 drainage holes + 2 trays
- 4 rails for mounting accessories
- Height and tilt adjustment of the top electrically, via handheld remote control
- IV pole 119 cm
- Mattress
- Non-slip mat
