

Veterinary stretcher h930_26

Veterinary trolley stretcher with wheeled frame and removable stretcher. Total dimensions: L. 130 x W. 52 x h. 81 cm. Maximum load: 150 kg.

The **veterinary trolley** offers a simple and robust design, ideal for the needs of veterinary clinics and practices. Composed of two main parts, it includes a **frame with four swivel wheels equipped with brakes** and a **removable stretcher**, practical and easy to handle. The **frame** is made of **powder-coated steel**, a material particularly resistant to scratches and chips, ensuring long-lasting durability. The **stretcher** is **covered with a removable medical-grade fabric**, ensuring ease of cleaning and optimal hygiene. With a fixed **height structure of 81 cm** and a **load capacity of up to 150 kg**, this trolley stretcher is a versatile and reliable solution for transporting animals in total safety. The product is **delivered disassembled** with clear assembly instructions included.
