

Viking ship spring rider for play areas h763_04

Multi-user Viking ship-shaped spring rider in polyethylene and steel, 4 seats, EN 1176 certified for public parks and school areas.

The **h763_04** Viking ship-shaped spring rider is a play solution designed for collective use in playgrounds, public green areas, and school gardens. The **four-seater** configuration allows the simultaneous interaction of several children, promoting socialization and the development of motor skills and balance in a context of maximum safety. Made with high-performance materials such as **polyethylene** and **powder-coated steel**, the rocker guarantees high resistance to atmospheric agents and mechanical wear typical of high-traffic environments.

Technical characteristics

- **Capacity:** 4 seats
- **Materials:** High-density polyethylene, powder-coated steel and EPDM components
- **Age range:** from 1 to 12 years
- **Free fall height:** 0.42 m
- **Dimensions:** L 1.15 x D 0.96 x H 0.96 m
- **Minimum safety space:** 3.53 x 2.90 m
- **Weight:** 65 kg
- **Certification:** TÜV SUD compliant with European standard EN 1176
- **Options:** Available in different color variants
