

Waiter station h684_116

Professional high-resistance waiter station for dining rooms. Made of laminated wood with aluminum-colored details, equipped with a reinforced base, Ø 125 mm wheels, 3 doors, 3 adjustable cutlery drawers, and upper compartments closed by doors.

The **professional waiter station** is a "Heavy Duty" operating station designed to combine modern aesthetics with maximum structural strength. Made of **laminated wood** with refined **aluminum-colored details**, this unit is built on a **reinforced base** equipped with **oversized 125 mm wheels** and an ergonomic push handle, ensuring smooth movement even when fully loaded. The "total-close" configuration offers complete protection: the upper part is closed by doors to preserve the hygiene of glasses and tableware, while the base houses **3 drawers** with adjustable dividers and **3 doors** with repositionable internal shelves. It is the ultimate solution for managing intense workflows with order and elegance.
