

Waiting room bench capacity 130 kg h449_186

5-seater waiting room bench in steel and PPL, fixed seats for intensive use. Dimensions: W 254 x D 55 x H 82 cm.

The **H449_186 5-seater waiting bench** is the ideal solution for furnishing **waiting rooms, receptions, clinics, medical offices, public and private offices** in a functional and orderly way. Designed for daily use up to 8 hours, it is equipped with a **sturdy steel structure** and seats in **polypropylene (PPL)**, a hygienic, resistant and easy-to-clean material.

The five seats are **fixed**, as are the backrests, with an ergonomic design conceived to guarantee basic comfort and correct posture during the wait. Each seat is capable of supporting a **maximum load of 130 kg**, making the bench suitable for all body types.

Thanks to the metal structure and compact design, this bench is **particularly suitable for high-traffic environments**. The **low weight (42 kg)** facilitates transport and arrangement in different configurations.

Efficiently furnish your waiting area with the **professional 5-seater bench H449_186**. Order now or request a personalized quote for large supplies.
