

Wall-mounted ashtray graphite h957_19

Compact metal ashtray, graphite color to be wall-mounted. Dimensions: W 21 x D 10 x H 15 cm. Weight: 0.71 kg.

The **wall-mounted ashtray graphite h957_19** is a modern and functional solution for managing smoking waste discreetly and efficiently. Thanks to its compact and robust design, it is ideal for installation in a wide range of environments, both indoors and outdoors, such as building entrances, offices, urban areas, public squares, parking lots, hotels, and restaurants. Made of **cold-rolled white sheet metal** (in compliance with the EN10130 standard), this ashtray ensures long life and superior resistance to impacts, abrasions, and daily wear, even in difficult climatic conditions.

Its **fire-retardant polyester resin painting** offers excellent protection against deterioration, ensuring a uniform finish and excellent color stability over time. Furthermore, the product complies with the strictest safety regulations thanks to its fire certifications: European classification A2-s1, d0 according to the UNE EN 13501 standard and M1 classification according to the UNE 23727 standard. This makes it a particularly suitable choice for high-traffic environments or situations requiring maximum safety, such as corporate zones, public areas, and recreational spaces.

With **small dimensions** of only 21 x 15 x 10 cm and a net weight of 0.71 kg, it is practical to install and perfect for spaces where space optimization is essential. Its ergonomic shape and adequate capacity allow for the collection of a large number of cigarette butts without the need for frequent emptying, helping to keep the environment cleaner and tidier. The **graphite color**, elegant and neutral, makes it easily adaptable to any architectural or decorative context without being intrusive.

Thanks to the ease of **wall mounting**, this ashtray guarantees stability and safety, resisting accidental movement or atmospheric agents. Maintenance is equally simple: the structure is designed for quick emptying and easy cleaning, reducing intervention times and improving operational efficiency.

Keep your spaces clean with our **wall-mounted ashtray graphite h957_19**, a resistant, safe, and aesthetically pleasing solution. **Buy it now** to improve waste management and contact us to obtain a personalized quote for large quantity orders. Don't wait: invest in a durable and elegant accessory for your environments.

FAQ:

1. **Is the ashtray suitable for outdoor use?**

Yes, thanks to the resistant and fire-retardant painting, it is perfect for outdoor use.

2. **Is wall mounting complex?**

No, it can be easily mounted.

3. **Which certifications guarantee safety?**

The product is certified UNE EN 13501 (A2-s1, d0) and UNE 23727 (M1).

4. **How is maintenance performed?**

Emptying and cleaning are quick and simple.

5. **How large is the capacity?**

The capacity is ideal for environments with moderate or high traffic, reducing the need for frequent emptying.

Mini buying guide:

Choosing a wall-mounted ashtray requires attention to details such as **resistance**, **safety**, and **adaptability to the environment**. This model h957_19 in **laminated metal with fire-retardant painting** represents an excellent choice for public and professional spaces, thanks to its durability over time and certified fire protection.

For outdoor environments such as parking lots, squares, public transport stops, or company entrances, it is important to select a product resistant to atmospheric agents and impacts, like this ashtray with polyester resin coating. Its compact dimensions are ideal for contexts with limited space, while wall mounting allows for optimization of the available area.

Furthermore, consider the **traffic volume** of the area where the ashtray will be installed: in high-traffic places, a robust and easily emptyable product like this is essential to maintain a consistently clean environment. For those desiring a discreet yet aesthetically pleasing solution, the graphite color and modern design make it a versatile choice suitable for multiple contexts.

If you are considering a supply for multiple ashtrays, consider the possibility of requesting a personalized quote: products like this are designed to last, offering an excellent quality-price ratio over the long term.
