

## Wall-mounted baby changing station for public restrooms h218\_165

Wall-mounted baby changing station for public restrooms in polyethylene. Closed dimensions: H.560 x W.866 x D.110 mm. Color: white and satin.

The **h218\_165 wall-mounted baby changing station** represents the perfect synthesis between industrial robustness and modern design for the furnishing of public and private restrooms. Designed with a **high-density polyethylene** structure, this model stands out for its refined **stainless steel front panel**, which not only increases impact resistance but also facilitates aesthetic integration into contemporary design contexts. Child safety is guaranteed by rounded corners, an adjustable safety belt, and **durable antibacterial protection** integrated into the material, which is essential for high-traffic environments. The changing station is also equipped with a practical **internal dispenser** capable of holding up to 30 towels or sanitary liners, ensuring hygiene and convenience at every change.

### Technical specifications

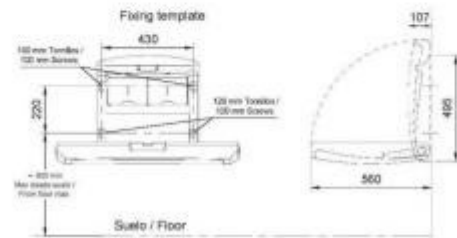

- **Base material:** High-density polyethylene (HDPE)
- **Front finish:** Stainless steel sheet (aesthetics and reinforcement)
- **Configuration:** Horizontal with space-saving wall mounting
- **Safety:** Adjustable safety belt and anti-trauma rounded corners
- **Hygiene:** Permanent antibacterial protection and integrated dispenser (30 units)
- **Load capacity:** Approximately 20 kg
- **Closed dimensions:** 866 (W) x 110 (D) x 560 (H) mm
- **Open dimensions:** 866 (W) x 560 (D) x 495 (H) mm
- **Installation:** Fixing materials included in the package
