

## Wall-mounted baby changing table h647\_01

Wall-mounted baby changing table in aluminum and steel, wall mounting, 552x760 mm, 80 kg capacity, torsion springs, TÜV NORD certified for public toilets and HoReCa.

The wall-mounted baby changing table is a solution dedicated to changing babies in **public and commercial bathrooms**, designed to withstand frequent use in high-traffic environments. The structure combines **simple and elegant design** with **ease of maintenance**, solving the need for dedicated and functional spaces in public, HoReCa, and commercial facilities.

The device is **wall-mounted**, occupying minimal space when closed, suitable for bathrooms with **limited space**. Thanks to the **torsion springs**, the opening and closing movement is **smooth and easy**, ensuring practicality for both the operator and the infant. The structure features **rounded edges** for **optimal safety** and wear-resistant materials.

## Technical specifications

- Changing surface: powder-coated aluminum
- Support plate: powder-coated steel
- Axle and levers: electro-galvanized steel
- Mounting: wall-mounted
- Recommended installation height: approx. 950 mm from the floor
- Maximum capacity: 80 kg
- Dimensions when closed: W. 552 x D. 100 x H. 781 mm
- Dimensions when open: W. 552 x D. 760 mm
- Usable changing surface: 510 x 700 mm
- Net weight: 17 kg
- Availability: two different colors
- Certification: TÜV NORD Baumuster according to DIN EN 12221-1:2008 + A1:2013
