

Wall-mounted belt barrier with 6 m belt h745_05

Wall-mounted belt retractor with 6 m long belt. Different color combinations available.

Retractable wall-mounted belt barrier ideal for delimiting restricted areas and managing queues or marking paths. With an **innovative design** and a **resistant structure**, it is made entirely of **recycled materials**. The **head swivels up to 180°** and is made of recycled PP and PA. The latter is equipped with a **braking system with special steel springs** that allow the belt to retract 2.5 sec slower than a traditional belt. Furthermore, it is equipped with a **locking button** for the belt that prevents tension loss. The wall bracket is in black recycled PP. Its weight is just **1 kg** for a **length of 15 cm** and a **height of 17 cm**. The **belt** can be extended up to a distance of **6 m**. **Wide range of colors available** for both the head and the belt.

Technical features:

- Wall element dimensions: h 17 x Ø 15 cm
- Belt length: 6 m
- Total weight: 1 kg
- Wall element colors available: black RAL 9005; red RAL 3020; yellow RAL 1018; white RAL 9003
- Belt colors available: grey; orange; blue; black; white/red; yellow/black
- Automatic rewinding via braking system
- Steel springs, stretched in a single direction, to favor the return of the safety belt
- Fixing: wall-mounted
- Swivelling head up to 180°
- Locking button
- Innovative design
- Resistance and stability
- Recycled polyester belt
