

Wall-mounted belt tensioner reel h41333

Wall-mounted belt reel, with 2.7-meter belt available in colors: black, red and blue. As an option, it is possible to purchase the belt receiver.

The **wall-mounted belt winder** is a very useful element for installation in areas where bollard installation is not possible.

In particular, thanks to the structure to be fixed to the wall, it can be easily installed, for example, near stairs, escalators, or elevators to limit access during certain time slots.

The solid **metal structure** available in a black finish is equipped with a **2.7-meter belt**.

Easy to use, the belt can be attached both to a post and to a specific wall receiver (not included)

Technical characteristics:

- Belt length: 2.7 meters
- Structure: metal
- Finish: black
- Belt winder height: 115 mm
- Belt winder diameter: 70 mm

Options:

- Wall belt receiver (plastic with black finish)
