

Wall-mounted book-style display for licenses h738_10

Wall-mounted book-style display in anodized aluminum with 5 snap frames 50x70 cm. Ideal for consulting catalogs and menus in limited spaces.

The **wall-mounted book-style display** represents a professional and rational solution for managing large-format information material that needs to be consulted frequently. Thanks to the **linear wall-mounting bar** and the fan-like arrangement of the frames, this system optimizes available space, allowing for easy browsing of brochures, catalogs, and technical price lists. Designed for high-traffic contexts, it guarantees constant content protection and lasting structural stability.

Technical features

- **Material:** High-quality anodized aluminum and anti-glare PVC protection sheets.
- **Configuration:** 5 single-sided frames with book-style opening system.
- **Closing system:** Frames with "frame 32" profile and snap-opening mechanism for quick content changes.
- **Safety:** Rounded corners to prevent accidental impacts in transit areas.
- **Insert size:** 50 x 70 cm.
- **Overall structure dimensions:** 135 cm width x 79 cm height.
- **Intended use:** Product designed exclusively for indoor environments.
- **Installation:** Wall fixing via a robust linear support bar.
