

## Wall-mounted changing table h647\_02

Foldable wall-mounted changing table for public environments, aluminum and stainless steel, 400 kg capacity, compact space-saving design.

The **wall-mounted changing table** is a robust and compact solution for baby changing in public and commercial environments. Designed to withstand the intense and frequent use typical of public bathrooms, changing rooms, and common areas, it combines exceptional load capacity with a space-saving design. When not in use, it folds completely against the wall, occupying minimal space and making it ideal for rooms with limited square footage.

The choice of a load capacity of up to **400 kg** reflects the original design philosophy: to build an exceptionally robust table capable of withstanding the wear and tear and abuse typical of equipment in public areas, ensuring long-term reliability even in critical conditions.

## Technical features

- **Load capacity:** up to 400 kg
- **Materials:** white powder-coated aluminum and brushed stainless steel
- **Mounting:** wall
- **Installation height:** approx. 750 mm (from the floor to the bottom edge of the mountings)
- **Dimensions closed:** W 967 x D 100 x H 782 mm
- **Dimensions open:** D 626 mm
- **Changing surface:** 790 mm
- **Total length including fixings:** 950 mm
- **Weight:** 22 kg
- **Safety finishes:** robust safety belt, rounded edges
- **Cleaning:** easy-to-clean and vandal-resistant materials
