

Wall-mounted changing table with washbasin counter h621_04

Wall-mounted changing table with built-in washbasin. Material: acrylic stone. Basin depth: 90 mm.

The **washbasin counter with changing table h621_04** is a high-profile technical furnishing solution, designed to elevate safety and comfort standards in the nursery areas of playrooms, kindergartens and public premises. Made entirely of **acrylic stone**, an avant-garde material known for being antibacterial, waterproof and pleasantly warm to the touch, this module guarantees a welcoming experience for the newborn and extreme resistance to scratches and wear. The innovative design has been studied for maximum inclusivity: the suspended structure, fixed by means of robust support brackets, allows **full access for people in wheelchairs**. The integrated basin, which can be positioned either on the right or the left, boasts a depth of 90 mm, shaped to offer ergonomic support for the operator's arm, preventing slipping risks and ensuring total control during washing and changing operations.
