

## Wall-mounted folding changing table h743\_13

Wall-mounted changing table for intensive use in metal and HPL, dimensions 68.2x83 cm with reduced depth (22.6 cm), featuring a laser-etched pictogram.

The **intensive use wall-mounted changing table** represents a professional solution designed to combine mechanical strength and refined aesthetics. The structure integrates a central metal part enriched by a **laser-etched pictogram**, which facilitates the identification of the function while ensuring a sober and elegant design, suitable for high-level public contexts. The combination of metal and **HPL coating** ensures a hygienic surface, resistant to wear and easy to maintain, guaranteeing maximum comfort during baby changing operations.

## Technical features

- **Material:** metal with HPL (High Pressure Laminate) coating
- **Height:** 83 cm
- **Width:** 68.2 cm
- **Depth when closed:** 22.6 cm
- **Depth when open:** 82 cm
- **Maximum load capacity:** 50 kg
- **Aesthetic detail:** central part with laser-etched pictogram
