Wall-mounted hair dryer with shaver socket h76_96

1800W black and chrome wall-mounted hair dryer with bipolar shaver socket. 6 total settings, silent, safe with Class II double insulation and ON/OFF base.

The **h76_96 wall-mounted hair dryer** is a high-end professional accessory, designed to offer maximum functionality and a sophisticated style to the bathrooms of hotels and hospitality structures. Characterized by an elegant **black ABS body with chrome finishes**, this model integrates on the base a **bipolar shaver socket (110-220 V)** equipped with a protective sliding window. With a power of **1800 W** and flexible management of air flows, it guarantees rapid drying while maintaining a **low operating noise**. Safety is guaranteed by the release button on the handset, which interrupts the flow upon release of the grip, and by the main switch on the wall base.
