

Wall-mounted smartphone locker h46118

Wall-mounted smartphone storage cabinet in 18mm melamine with a transparent plexiglass door. 32-device capacity, cylinder lock, dimensions W40xD32xH41cm.

The **H46118 wall-mounted smartphone locker** is an organized storage solution specifically designed for educational environments, offices, libraries, and public spaces where it is necessary to store and manage **up to 32 mobile devices** in an orderly and secure manner.

The wall-mounted design and compact structure adapt to any spatial configuration, providing **immediate visibility of the contents**, practical access, and protection against improper use.

The structure is made of **18mm melamine-faced wood conglomerate**, with **2mm exposed ABS edges** that guarantee impact resistance and durability over time. The finished back panel is in melamine of the same thickness, with the **possibility of color customization upon request**.

Inside, an **MDF block with 32 shaped slots** ensures the orderly placement of devices. The **transparent plexiglass front door** allows for visual monitoring without opening, a crucial element in supervision contexts.

The **270° hinges** ensure easy access to the compartments, while the **cylinder lock with key** prevents unauthorized access. The **neutral white** color integrates consistently into school and professional environments.

Technical characteristics

- **Structure:** 18mm thick melamine-faced wood conglomerate
- **Edges:** 2mm exposed ABS
- **Finished back panel:** 18mm melamine, white color (customizable on request)
- **Internal block:** MDF with 32 shaped slots
- **Door:** Transparent plexiglass
- **Hinges:** 270° opening
- **Lock:** Cylinder with key
- **Finish:** White
- **Dimensions:** W 40 x D 32 x H 41cm
- **Assembly:** Pre-assembled, wall-mounted
