

Wall-mounted soap dispenser h509_17

1 lt automatic dispenser in white ABS for soap and sanitizer, with touchless sensor and level window. Dimensions 140x105x235 mm.

The **automatic soap and sanitizer dispenser** is a professional solution designed to guarantee the highest hygiene standards in high-traffic environments. Thanks to **infrared sensor** technology, the device allows product dispensing without any physical contact, eliminating the risk of cross-contamination between users. The resistant plastic structure and sober design make it a functional and discreet element for public restrooms, common areas, and access points.
