

Wall-mounted washbasin h242_117

18/10 stainless steel wall-mounted sink, compact and hygienic. Dimensions: W 40 x D 31 x H 19 cm.

The **H242_117 wall-mounted washbasin** is a compact, hygienic, and essential solution to ensure proper hand cleaning in **professional environments** such as kitchens, laboratories, clinics, food production areas, and healthcare spaces.

Made of **18/10 stainless steel (AISI 304)**, a material known for its **corrosion resistance**, resistance to humidity, and aggressive detergents, this wall-mounted sink is ideal for fixed installations where **high standards of hygiene and durability over time** are required.

The compact design (only **40 cm wide**) allows for installation even in small spaces, while maintaining a functional and effective washing area. Wall-mounted installation **frees up floor space**, facilitating the cleaning of the environment and complying with health and hygiene regulations.

Order the **H242_117 stainless steel wall-mounted washbasin** now to ensure hygiene and professionalism in your work environments. Contact us for offers dedicated to multiple supplies.
