

Wall-mounted waste sorting bin h86_246

Waste sorting bin with supports for 2 bags. Structure dimensions: W. 505 x D. 520 x H. 111 mm.

The **indoor waste sorting bin** is an ideal product for shopping centers, stations and airports. The product features a **solid structure** in **UV-resistant powder-coated steel**, and is equipped with two **bag supports**. The bags (not included in the supply) remain well fixed to the structure thanks to an **elastic belt easy to assemble and remove**. The **lids** have a reduced opening that limits the introduction of bulky objects and are colored **rapeseed yellow RAL 1021 and cement grey RAL 7033**.

Technical characteristics:

- Lid dimensions: W. 520 x D. 505 x H. 111 mm
- Material: painted steel
- Lid colors: rapeseed yellow RAL 1021 and cement grey RAL 7033
- Support for two bags 2 x 110 lt
- Suitable for indoor spaces
- Weight: 6.83 kg
- Lid opening: 380 x 160 cm
- Fast and resistant handling
- Fixing: wall-mounted
