

Ward round trolley, 50-folder capacity h564_03

Ward round trolley for hospitals and clinics with lockable drawers. Dimensions: W103 x D65 x H95 cm

Ward round trolley ideal for transport of medical records, documents and other items, within hospitals, clinics and nursing homes. Equipped with **2 sliding steel drawers**, with self-closing and **removable** and **folder compartment** with specific hooks and locking device for the insertion of a **maximum of 50 folders**. Both the drawers and the compartment are complete with **key lock** for greater security of the documents and objects transported. The upper part features a convenient **fireproof plastic laminate top** and with rounded scratch-resistant rubber edges, divided into two sliding parts that act as a lid for the folder compartment and in addition, once opened, they can also be used as work surfaces. The **supporting structure is in 10/10 thick painted steel**, painted with epoxy powders and finished with scratch-resistant, stain-resistant and anti-corrosion acrylic enamels that allow cleaning and disinfection with any type of disinfectant. Both sides of the structure are equipped with **ergonomic ABS plastic handles**, while the base has **4 swivel castors, 2 of which with brakes, with scratch-resistant PVC bumpers**.
