

Ward round trolley for clinics h564_89

Ward round trolley with suspended folder drawer with sliding lid.

Ward round trolley with suspended **folder drawers** complete with **sliding lid**, single-body with high-density technopolymer walls: they ensure excellent durability over time, strength, safety, hygiene and extreme maneuverability of the trolley thanks to their lightness. The **innovative design** of the colors gives the trolley an attractive, linear and compact shape. Supporting frame formed by 4 external uprights made of epoxy powder-coated steel that ensure stability and compactness to the trolley. The **painting process is compliant** with UNI EN ISO 9001 standards. Side and back walls, self-supporting for a load of 100 kg, made of technopolymer, with rounded edges and no sharp corners, prepared for the insertion of accessories. Upper part: upper top made of **fireproof plastic laminate** consisting of **1 sliding lid** on **stainless steel** telescopic guides, complete with recessed handle; upon opening it becomes a convenient and **sturdy work surface/desk**. The compartment below can contain **x-ray folders** and is equipped with **supports for hooking** the folders with a locking device to prevent the folders from overlapping or lifting. **Drawer unit: removable** and interchangeable drawers molded in technopolymer, sliding on full-extension telescopic guides with automatic return and end-stop; complete with **ergonomic and anti-trauma molded handle**. **Centralized lock with anti-trauma folding key**, for both the drawers and the upper compartment. Front color of the upper compartment: **blue RAL 5015** (on request: yellow RAL 1018, green RAL 6029, red RAL 3000). Drawer front colors: **blue RAL 5015** (on request: orange, green, yellow). Right side: ergonomic and anti-trauma ABS push handle. Base: 4 anti-scratch PVC corner bumpers, **4 swivelling thermoformed wheels** in solid rubber, mounted on **Ø 125 mm bearings**, **2 of which with brakes**.

Technical features:

- Dimensions: 840x670x1080 h mm
- N° 4 wheels Ø 125 mm, 2 of which with brakes
- N° 3 removable drawers

Standard drawer configuration:

- 3 technopolymer drawers, dimensions 460x420x150 h mm.
