

Washable transfer sack h23907

Internally padded transfer sack, machine washable at 40°C. Transfer capacity: 250 Kg. Dimensions: 100 x 70 cm. Made in Italy.

The transfer sheet is very comfortable, soft and easy to clean. The transfer sack must be positioned under the part of the body to be moved at the heaviest point and slid in the intended direction. **Suitable for moving or rotating all body parts** thanks to the large transfer surface. To remove the transfer sack from under the patient, pull the lower part and it will slide away easily.

The **h23907 transfer sheet** is available in the following versions:

- Cotton covered
- Nylon covered

Technical features:

- Inner material: ULF (ultra low friction)
- Transfer capacity: 250 Kg
- Suspension capacity: 160 Kg
- Dimensions: 100 x 70 cm
- Compliant with the provisions of Directive 93/42 EEC
- Made in Italy

Optional:

- Nylon cover
