

## Washbasin top with changing table for pediatric practices h621\_03

Pediatric changing table with acrylic stone washbasin top, 140x53x80 cm. Refined design, waterproof, scratch-resistant, ergonomic basin with inclined drain and aluminum base.

Combined changing table with washbasin top specifically designed for pediatric departments, medical offices, and specialized centers. Made of **acrylic stone**, a material that combines refined aesthetics and technical performance: it is **warm to the touch**, **waterproof**, **scratch-resistant**, **resistant to moisture and mold**. The optimal solution for environments requiring high hygienic standards and ease of daily maintenance.

The geometry of the washbasin has been designed to ensure **safety, comfort, and practicality** during neonatal washing operations. The operator's arm support is ergonomic and stable, the surface features a **slight inclination** that naturally favors the drainage of liquids towards the drain system. The basin can be **positioned both on the right and on the left**, adapting to different space configurations and operational flows. The tap (not included) can be mounted on the side of the basin or directly on the wall.

The structure is completed by a **front apron and rear splashback**, which protect the work area, while the **self-supporting base with 4 robust aluminum legs** guarantees stability and ease of positioning.

### Technical features

- Dimensions: W 140 × D 53 × H 80 cm
- Material: acrylic stone
- Basin depth: 90 mm
- Self-supporting base with 4 aluminum legs
- Basin positionable on the right or left
- Inclined surface for liquid drainage
- Front apron and rear splashback

### Optionals

- Drain kit with up/down waste plug

- Siphon
- High chrome single-lever mixer tap
