

Waste bag holder h464_197

Freestanding waste bag holder in white painted steel, 43x33x88 cm, with pedal opening for maximum operational hygiene.

This **waste bag holder** is designed to ensure stability and rigorous hygiene in professional and commercial contexts. The freestanding structure, made of **robust steel**, ensures a long operational life and superior resistance to mechanical stress. The white finish not only provides a discreet appearance but also facilitates surface cleanliness monitoring, making any residues to be removed immediately visible. The lid is operated via a **pedal mechanism**, allowing the operator to dispose of waste without any manual contact with the container.

Technical characteristics

- Material: High-resistance steel
- Finish: White protective painting
- Opening system: Integrated pedal mechanism
- Logistics configuration: Supplied disassembled to optimize space
- Dimensions: W 43 x D 33 x H 88 cm
- Weight: 12 kg
