

Waste bag trolley h504_75

Waste bag trolley in stainless steel with pedal control. Dimensions 45x60x96 cm. Lightweight and resistant structure for professional hygiene.

Professional solution designed for the efficient management of waste in environments that require high standards of hygiene and operational practicality. The trolley is made of **stainless steel**, a material that guarantees excellent resistance to corrosion and long-term durability, even in contexts subject to frequent cleaning. The opening system via **pedal control** allows for operation in total safety, avoiding direct hand contact with the container, thus reducing the risk of cross-contamination.

Technical features

- **Material:** stainless steel
- **Opening system:** mechanical pedal control
- **Dimensions:** W. 45 x D. 60 x h. 96 cm
- **Weight:** 6 kg
- **Configuration:** self-supporting structure for waste bags
