

Waste bin for restaurants and canteens h09_207

Professional stainless steel waste bin 115 lt with wheels, lid and internal divider. Hygienic and mobile for kitchens and laboratories.

Waste collection bin designed for high-frequency professional environments, such as hotel kitchens, restaurants and pastry laboratories. The **satin-finished stainless steel structure** ensures optimal hygiene and ease of cleaning, essential features in contexts where sanitation is a priority. The mobile design, thanks to the **integrated wheels**, allows for quick transport and reduces the physical effort of operators.

The product is completed by a **removable lid** for odor containment and waste protection, and an **internal divider** that allows for the simultaneous separation of two different types of waste, optimizing waste management.

Technical characteristics

- **Dimensions:** L61 x W40 x H73 cm
- **Capacity:** 115 lt
- **Material:** satin-finished stainless steel
- **Lid:** removable
- **Mobility:** integrated wheels
- **Divider:** internal for double waste division
- **Weight:** 16.5 kg
