

## Waste bin holder h110\_168

Stainless steel waste trolley with pedal and swivel wheels. Dimensions 59x42.5x75 cm, ideal for hygiene in professional kitchens.

The **waste trolley** is a technical solution designed to optimize waste management within professional environments with high operational intensity, such as **restaurant kitchens, pizzerias and food laboratories**. The structure combines resistance and mobility, guaranteeing a high hygienic standard thanks to the mechanical drive system that avoids direct contact with the container.

## Technical features

- **Material:** Supporting structure in stainless steel tubes resistant to corrosion and impact.
- **Opening system:** Integrated pedal mechanism for hands-free use.
- **Mobility:** 2 silent swivel wheels equipped with parking brakes for optimal stability.
- **Dimensions:** W. 59 x D. 42.5 x h. 75 cm.
- **Weight:** 3.7 kg, balanced to ensure maneuverability and solidity.
- **Installation:** Simplified design for quick and intuitive assembly.
