

Waste collection trolley with 2 wheels h951_13

Lightweight and functional hand trolley, with support for bags up to 120 liters, tool holders and puncture-proof wheels Ø 310 mm. Dimensions: W 90 x D 71 x H 102 cm.

The **H951_13 waste collection trolley** is designed to **facilitate waste collection and the cleaning of public spaces** in a practical and efficient way. Thanks to its **lightweight and easy-to-handle structure**, it is perfect for sanitation workers, maintenance services, and urban cleaning.

The frame is made of **aluminum and powder-coated galvanized steel**, ensuring **resistance to corrosion and atmospheric agents**, making it ideal for prolonged outdoor use. This model is equipped with **a mobile support for waste bags up to 120 liters** (bag not included), **vertical supports for three long-handled tools and a litter picker**, with a **vertical pocket for handles**, which allows for the safe transport of all necessary tools, an **open storage compartment**, useful for storing objects and tools during work, and **puncture-proof polyurethane wheels Ø 310 mm**, ideal for use on uneven surfaces such as gravel, grass, and damaged pavements.

The trolley is supplied with a **litter picker, aluminum shovel, street broom, and push scraper with coordinated handles**, offering a complete kit for urban cleaning.

Supplied **in an assembly kit**, it can be easily assembled in a few minutes.

Order the **H951_13 waste collection trolley** now and improve the efficiency of urban cleaning with a practical and ergonomic system!
