

Waste paper bin for hospitality facilities h218109

Waste paper bin for hotel rooms made of stainless steel and PVC ring. Capacity 10 liters. Dimensions: 300 mm height and Ø 210 mm.

The waste paper bin represents an ideal furnishing accessory for hospitality facilities that intend to offer their guests a stay in a room complete with all comforts.

The product is therefore perfect for placement in hotel rooms, residences, resorts as well as in indoor areas of schools, offices, public buildings and airports.

The container is made of **AISI 304 stainless steel** and a **black PVC** base, which make the product durable and resistant over time to rust and corrosion.

The presence of **side handles** makes the product easy to move and place wherever preferred.

The waste paper bin has a capacity of **10 liters** with a height of 300 mm and a **diameter of 210 mm**.
