

## Welcome set with electric kettle and trays h164\_58

Professional welcome set for hotels and B&B consisting of a 1 L 304 stainless steel kettle and a system of independent heat-resistant melamine trays.

The **professional welcome set** is the ideal solution to offer guests of hotels, B&Bs, and holiday homes the experience of a breakfast or a relaxing break directly in the room. This modular kit stands out for the use of high-quality **non-integrated melamine trays**, which allow for flexible space management and facilitate cleaning operations. The heart of the set is the **1-liter electric kettle**, made of sturdy 304 stainless steel with an elegant chrome and black finish, designed to withstand intensive use in the hospitality sector.

Safety and functionality are guaranteed by a base tray capable of withstanding temperatures up to 140 °C, eliminating the risk of damage to the supporting surfaces. The set includes dedicated compartments for cups and a practical container for organizing tea bags, infusions, and sugar. Thanks to the **spout with removable filter** and the hidden heating element, maintenance is quick and easy, ensuring always high hygienic standards for every new guest.
